Hi Clint-- Here are the other chapters you mentioned. We'll be happy to talk more tomorrow about the process and next steps. The briefing on 8/7 will be a high level overview so we would probably need to schedule follow on discussions if you wanted more detail on anything. There should be time to ask some questions at that first briefing, though.

Thx,
 Erika

Erika,

Thanks again for sending - I would be very interested in seeing the preface and chapters 5-11. Is there an opportunity for us to provide feedback prior to the 8/7 briefing? Happy to add this to tail end of our NAAQS update discussion tmrw.

Hi Clint—

Attached are the draft Integrated Synthesis (62 pp) and Executive Summary (116 pp) for the PM ISA. Let me know if you'd like to see any of the chapters on specific effects.

Thanks,
 Erika
